

Xylem Events and Experiences at WEFTEC 2019

Saturday, Sept. 21

- Xylem is sponsoring Jammin' 4Water, an annual event benefiting the WEF community Service Project, gathering water quality professionals attending WEFTEC to perform an eclectic mix of musical entertainment. The event will be held from 7 to 11 p.m. at Park West, 322 W. Armitage Ave., Chicago, Illinois 60614.

Monday, Sept. 23

- Xylem is sponsoring the WEF InFLOW (Introducing Future Leaders to Opportunities in Water) Program for promising university students and recent high school graduates who are interested in professional careers in the water industry.
- Xylem is sponsoring the Pure Water Brewing Alliance Beer Garden at Booth 7751 from noon to 4 p.m. Monday, Sept. 23, and Tuesday, Sept. 24, and from 11 a.m. to 3 p.m. Wednesday, Sept. 25, featuring free samples of the world's most sustainable beer made with a Wedeco reactor as part of the process in a relaxed atmosphere perfect for networking at the end of the day.
- Asad Choudry, Marketing and Business Development Manager, Flygt, G&G, Hydroturbines and A-C, will conduct a presentation titled, "Mitigating Flood Disaster through a Renewed Approach," from 2:15 to 2:30 p.m. in Hall A, Booth 221.
- This year's WEFTEC Operations Challenge laboratory competition will have a new event focused on suspended solids. The Xylem YSI MultiLab and conductivity sensor will be used by the teams to measure the TSS of various samples for the purpose of process control. From 10 a.m. to 5 p.m. at Booth 7007, North Hall B.
- Christine Boyle, CEO of Valor Water, Xylem, is presenting from 2:15 to 2:30 p.m. at Booth 7739, Hall B, on "We Got Bought, Now What?"

Tuesday, Sept. 24

- Xylem's Kristel Zaman, Senior Manager – Flygt Products, is participating in the WEFTEC panel discussion, "Challenge the Status Quo: Smart Water Technology Advancements," which is designed to spark conversation about how activities like competitions and hackathons can support innovation in the water industry. The discussion takes place from noon to 1 p.m. in the Innovation Pavilion.
- The Flygt Concertor has won the WEF 2019 Innovative Technology Award. Zaman will be accepting the award for Xylem on behalf of Tomas Brannemo at S100a, South Building – Level 1, McCormick Place. The reception begins at 4:30 p.m. and the ceremony will be held from 5 to 5:45 p.m.
- Kevin Flis, Business Development Manager, Water Utilities, will conduct a presentation called "Bromate Prevention of Ozone Based Aquifer Recharge" from 9:30 to 10 a.m. in Room S404d, South Building – Level 4.
- Alex Krapas, Field Product Manager, will present "Optimizing Aerobic Digester Operation to Minimize Energy Consumption and Nutrient Recycle" from 9:30 to 10 a.m. in Room S403a, South Building – Level 4.

Thursday, Sept. 26

- Xylem is a gold sponsor of the Women's Conference 2019: Empowering Women in Industry in Chicago, following the WEFTEC exhibition. Zaman will be presenting an interactive workshop titled, "Swimming Upstream," at 10:10 a.m., Stagg Court in the Chicago Athletic Hotel.
