

K Series

Single-phase simplex and duplex wastewater panels

The K Series control panel offers straightforward operation with models for simplex and duplex systems, in single- or three-phase. A durable NEMA 4X enclosure ensures reliable indoor and outdoor protection, and the duplex model includes automatic pump alternation for enhanced system efficiency. Applications include: residential, light commercial, sump, effluent, sewage and more.

Features

- **Simplex model (KS19020WF):** control one single-phase pump (up to 20 amps).
- **Duplex model (KD19020WF):** alternates between two pumps (20 amps max) and continues operation in case of primary pump failure
- **Float switches:** three (3) float switches are included with models KS19020WF and KD19020WF
- **Durable build:** NEMA 4X thermoplastic enclosure for indoor/outdoor use
- **Quick setup:** integrated mounting tabs and padlock latch for easy installation
- **Versatile voltage:** supports 120V, 208V, and 230V
- **Certified:** UL and CUL listed for safety and reliability

Product specifications

Series	Model #	Dimensions
KS - Simplex	KS19020WF	8" x 6" x 4"
KD - Duplex	KD19020WF	10" x 8" x 4"

Simplex, single-phase panel (KS19020WF)

Duplex, single-phase panel (KD19020WF)

Components

1. NEMA 4X outdoor rated enclosure
2. Red LED alarm beacon
3. HOA selector switch
4. Auxiliary alarm contacts
5. Green control/alarm power indicator
6. Red float status indicators
 - Simplex: start/stop
 - Duplex: stop/lead/lag
7. Field wiring terminal block

8. Ground lug
9. Integral padlockable latch
10. Integral mounting tabs
11. Pump circuit breaker
12. Control/alarm fuses
13. Spare fuse
14. Green pump run indicator(s)

Not shown: alarm piezo horn and test/silence push button
