

HYPACK 2015 Tutorial Videos on YouTube.com!

By Rob Baird

HYPACK founder Pat Sanders is again leading the charge to keep HYPACK at the head of the technological class. We are now updating our line of YouTube tutorial videos to include the latest features of HYPACK® 2015. While all of the original HYPACK® YouTube tutorials are still available, the new line of videos can be found on YouTube by searching for “HYPACK Inc.”, or at the following link: <https://www.youtube.com/channel/UCOzhxa2gkVQD3ArsKVXiXnQ>

4 months ago • 23 views

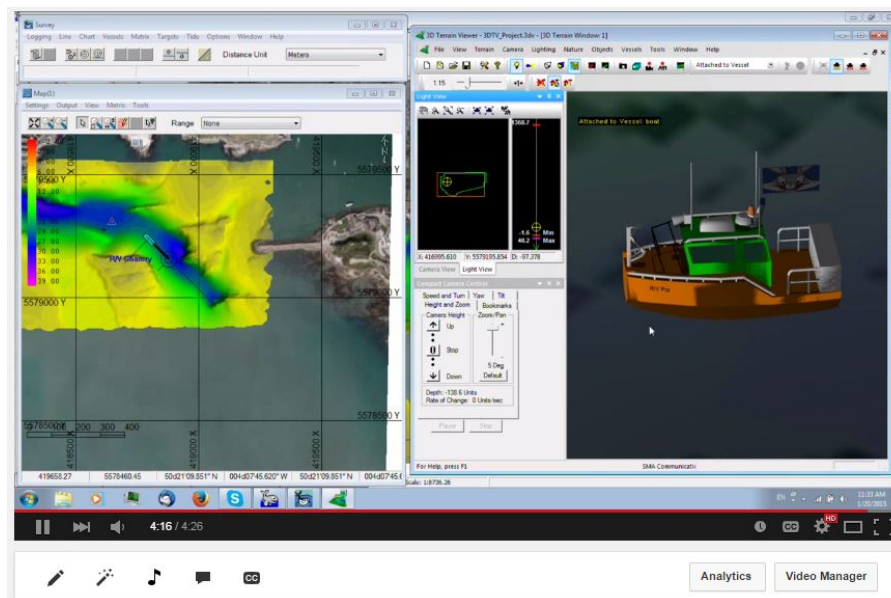

Description.

Once on the HYPACK Inc. YouTube channel, select one of the tutorial videos to check out the new HYPACK 2015 program. Pat Sanders, or one of our HYPACK Support Technicians, preview each topic from our new Tech Support virtual video set, with help from our new TriCaster 410 HD broadcast system...

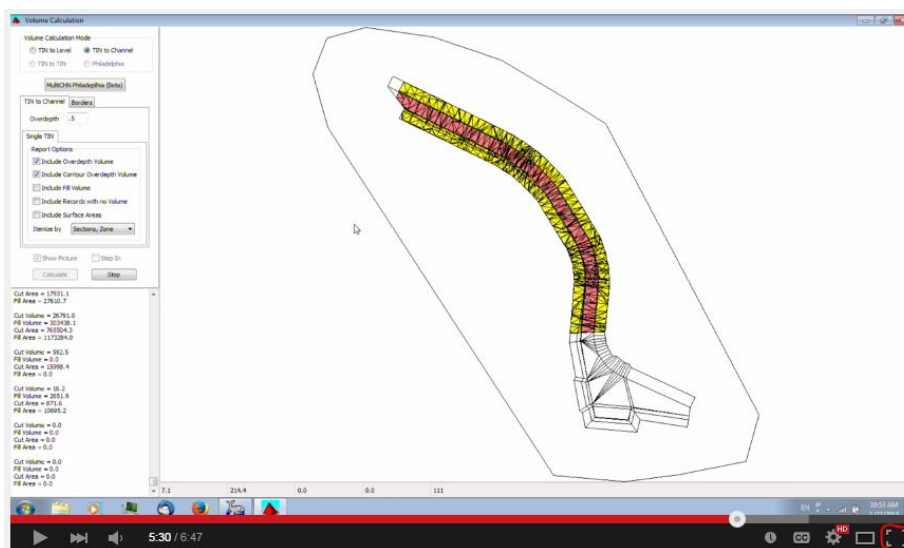

Each HYPACK Inc. tutorial displays the screen of the video presenter to show the state-of-the-art features of HYPACK® 2015. Check out this picture taken from the video showing off 3D Boat Shapes in 3DTV!
